

TECHNICAL DATA SHEET

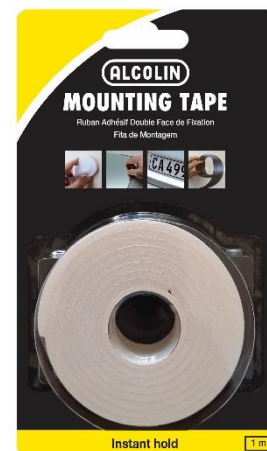

ALCOLIN MOUNTING TAPE

Description

ALCOLIN MOUNTING TAPE is a strong, double sided self-adhesive tape with aggressive tack, making it ideal for instantly securing house numbers, hooks, small mirrors, number plates, sign boards, key holders, posters, photos and much more. It is ideal for use on a variety of smooth surfaces such as tiles, metal, wood, board, stone, glass, fiberglass and some plastics. It is suitable for interior and exterior use.

Features & Benefits

- Double sided
 - Aggressive tack
 - Easy tear
 - Acid free
- ideal alternative to glue.
 - instant hold.
 - no scissors required.
 - safe for posters, photos or gifts.

Applications

- Mounting house numbers, hooks, small mirrors, number plates, sign boards and key holders.
- Securing plug points and holding down objects.
- Art and Craft projects.
- School projects and scrapbooking.

Adhesion

- ALCOLIN MOUNTING TAPE bonds to materials like tiles, wood, metal, stone, glass, synthetics, paper, card, foil and certain plastics.

Limitations

- Not for heavy duty use.
- May damage fragile papers on removal.
- Not suitable where heat resistance is required.

Safety instructions

ALCOLIN MOUNTING TAPE is non-toxic, however, safe handling practices should be implemented to avoid irritating sensitive skin. Keep out of reach of children. Refer to our Safety Data Sheets for further toxicological information and comprehensive handling instructions.

Surface preparation

- Surfaces should be dry and free of dirt and grease.

Directions for use

1. Ensure surfaces are smooth, clean, dry and free of dust, grease and any loose material.
2. Peel off and cut the length of tape to be used.
3. Press the sticky side of the tape firmly onto the object to be mounted or secured.
4. Remove the wax paper and position the object into place.
5. Apply firm pressure onto the object for at least 60 seconds.
6. Final holding strength will be achieved after 24 hours.

Cleaning

- Product must be removed mechanically. Any adhesive residue can be removed with acetone.

Storage stability

ALCOLIN MOUNTING TAPE has a shelf life of approximately 36 months if stored at room temperature in its original sealed packaging.

Product packaging

- 18mm x 10m rolls

Product data

Appearance	White sticky tape
Film type	Tissue paper
Film thickness	3 microns
Adhesive	Solvent based pressure-sensitive acrylic
pH	7 – 8
Peel Adhesion	4 N/cm
Heat resistance	Good
Water resistance	Good
