

## Weekend inspiration

### Kitty's Scratching Post

#### You will need:

- 400mm x 300mm plywood (18mm thick)
- Sisal fabric/coarse carpet (400mm x 300mm)
- 300mm curtain rod (30mm thick)
- 40mm PVC pipe:
  - 1 x 400mm piece
  - 1 x 250mm piece
  - 1 x elbow
- Sisal/coarse rope
- Alcolin Cold Glue
- Alcolin Contact Adhesive
- Alcolin PVC Weld
- Alcolin Fix-All
- 2 x 6mm x 40mm screws
- 2 x 8mm x 16mm screws
- Screwdriver

#### Instructions:

**1.** Apply *Alcolin Contact Adhesive* to the wood and carpet and allow to touch-dry; then stick together. **2.** Drill pilot holes then glue and screw the curtain rod to the base from underneath with the 6mm x 40mm screws and *Alcolin Cold Glue*. **3.** Using *Alcolin PVC Weld*, join the two pipes with the elbow in-between. **4.** Place the pipe over the curtain rod and secure with the 8mm x 16mm screws. **5.** Apply *Alcolin Fix-All* to the upright PVC pipe, then wrap the rope around the pipe. Secure the ends of the rope with masking tape until the *Alcolin Fix-All* is dry. **6.** Finally, drill a hole in the end of the short pipe on which to hang a toy.
