

On trend Stackable Shelves

You will need:

- Alcolin Fast Set Wood Glue
- Alcolin Woodfiller
- Two 1800 x 305 x 20mm laminated pine shelves cut into three 305 x 305mm, three 380 x 305mm and three 380 x 285mm pieces.
- Two 1 800 x 22 x 22mm pieces cut into six 263mm and three 380mm lengths.
- 40mm screws
- Paint of choice

Instructions:

Glue and screw together the three-sided boxes using Alcolin Fast Set Wood Glue and the three different shelf sizes.

If you are following our look, paint your selection of the 263 x 22mm pieces in your colour of choice. Glue and screw together the 'tripod frame' using the 263mm and 380mm lengths.

Assemble the frame to the box with the screws and Alcolin Fast Set Wood Glue, and fill in any holes with Alcolin Woodfiller.

Stack the units in any configuration or use each one as a seat.
